

CUT&RUN Compatible Antibodies

CUTANA™ CUT&RUN compatible antibodies have been rigorously tested for reliable and robust performance in CUT&RUN assays.

Chromatin-Associated Protein Antibodies

BRD4

Catalog No. 13-2003 50 µL

BRG1/SMARCA4

Catalog No. 13-2002 100 µL

BRM/SMARCA2

Catalog No. 13-2006 100 µL

CHD1

Catalog No. 13-2008 100 µL

FOXA1/HNF3A

Catalog No. 13-2001 100 µL

MLL1/KMT2A

Catalog No. 13-2004 100 µL

Read our blog post to learn about our rigorous CUT&RUN antibody validation approach.

SNF2H/SMARCA5

Catalog No. 13-2007 100 µL

SNF2L/SMARCA1

Catalog No. 13-2005 100 µL

Antibodies are launched on a continual basis. Email info@stratech.co.uk to request a specific target.

Experimental Control Antibodies

Positive Control: Histone H3K4me3

Catalog No. 13-0041 100 µg

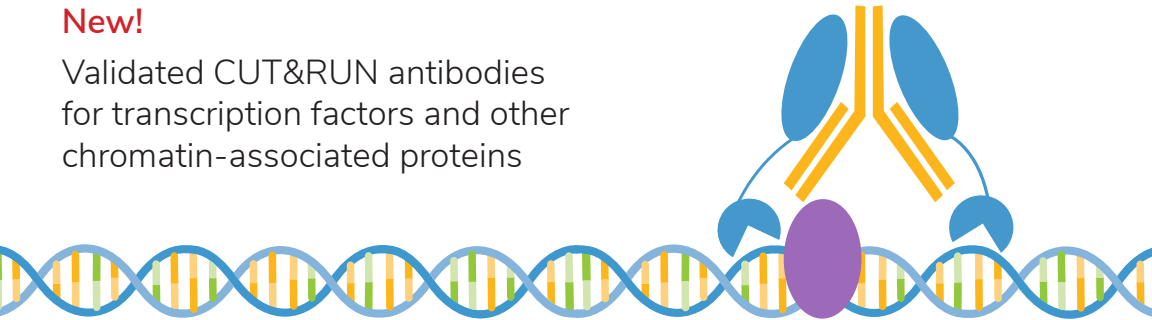

Negative Control: Rabbit IgG

Catalog No. 13-0042 100 µg

CUTANA™ Assays

New!

Validated CUT&RUN antibodies
for transcription factors and other
chromatin-associated proteins

EpiCypher®

Bringing Epigenetics to Life
