

## *ClearBand* 10x Laemmli Sample Buffer

**New and Novel Product!**  
Unique Formulation

**Denser bands:** It allows for thicker bands especially when working with small number of cells, lysates with low concentration, and proteins with low expression.

**Ease of use:** ClearBand 10x Laemmli Sample Buffer is easily loaded into the wells thanks to its unique content.

**Quick:** No loss of time with freeze and thaw, since it is stored at room temperature.
